Explore the required training videos assigned to each template role.

Online courses

Browse through the eLearning courses.

Video updates

The following table lists the latest videos (last updated in release 25.3):

Video title	Type of update	In-app training
Dynamic Resupply	New video	*Yes*
Advanced Dispensation	New video	*Yes*
Add, Screen, and Randomize a Subject	Updated video	*Yes*

For regulatory and auditing purposes, reach out to the Product Management team if you need previous versions of our learning content. You'll receive specific instructions to submit your request.

Should your study role require the use of this feature, you will be prompted to watch the video before using it after you enable the appropriate permission(s).

Links do not generate a training record and are provided as reference. You must watch the videos in the application to generate the training record.

Training times

The table below lists the required training videos assigned to each template role and permission in the Oracle Life Sciences Clinical One Platform.

The training times provided in the table assumes the default permission set for each template study role. If you have customized the permissions for your study roles, the training duration may increase or decrease based on your selected permissions. Clinical One restricts access to certain areas of the application until the user completes the required training videos.

You can find the training completion status for a user in Clinical One on the Users tab in Study Settings. For more information, see the Oracle Help Center.

Template study role	Duration
Adjudicator	0 minutes
Clinical Supply Manager - Unblinded	~55 minutes
CRA	~27 minutes
Data Manager	~20 minutes
Medical Monitor	~20 minutes
ODM Extract	0 minutes
Pharmacy User	~10 minutes
Production Admin	~ 48 minutes
Rules Designer	~ 67 minutes
Site Administrator	~ 20 minutes
Site User	~ 25 minutes
Statistician	~ 24 minutes
Study Designer	~ 53 minutes
