# Car Windshield Sun Shade Umbrella

-Instructions-

## IF Handle Too Long

You Can Bend The Handle

## IF There Is Light Leakage

You Can Let the Sun Visors Clamp a Small Portion of the Top Edge

Pinch Both Sides of the Slider with Twofingers and Gently Push it all the Way Forward

Lower Both Sun Visors Fully

Position the V-shaped Opening around the Rearview Mirror

Lift it Upward, You Can Let the Sun Visors Clamp a Small Portion of the Top Edge to Help Hold the Shade in the Ideal Position.
