Explanatory Notes

This report is one of three publications which covers the geographical location and the products of Canadian sawmills. The remaining two reports are entitled List of Sawmills-Atlantic Provinces and List of Sawmills-Quebec and Ontario.

For the convenience of users, location of sawmills is by county or census division.

Source of Data - The information is extracted from the questionnaires submitted to the Dominion Bureau of Statistics as part of the annual Census of Manufacturing concerned with sawmills.

Coverage - The data include substantially all sawmills, both active and inactive during 1959. However the list does not include some sawmills which have been assigned to other industry classes on the basis of principal activity.

Key to Products and Species -

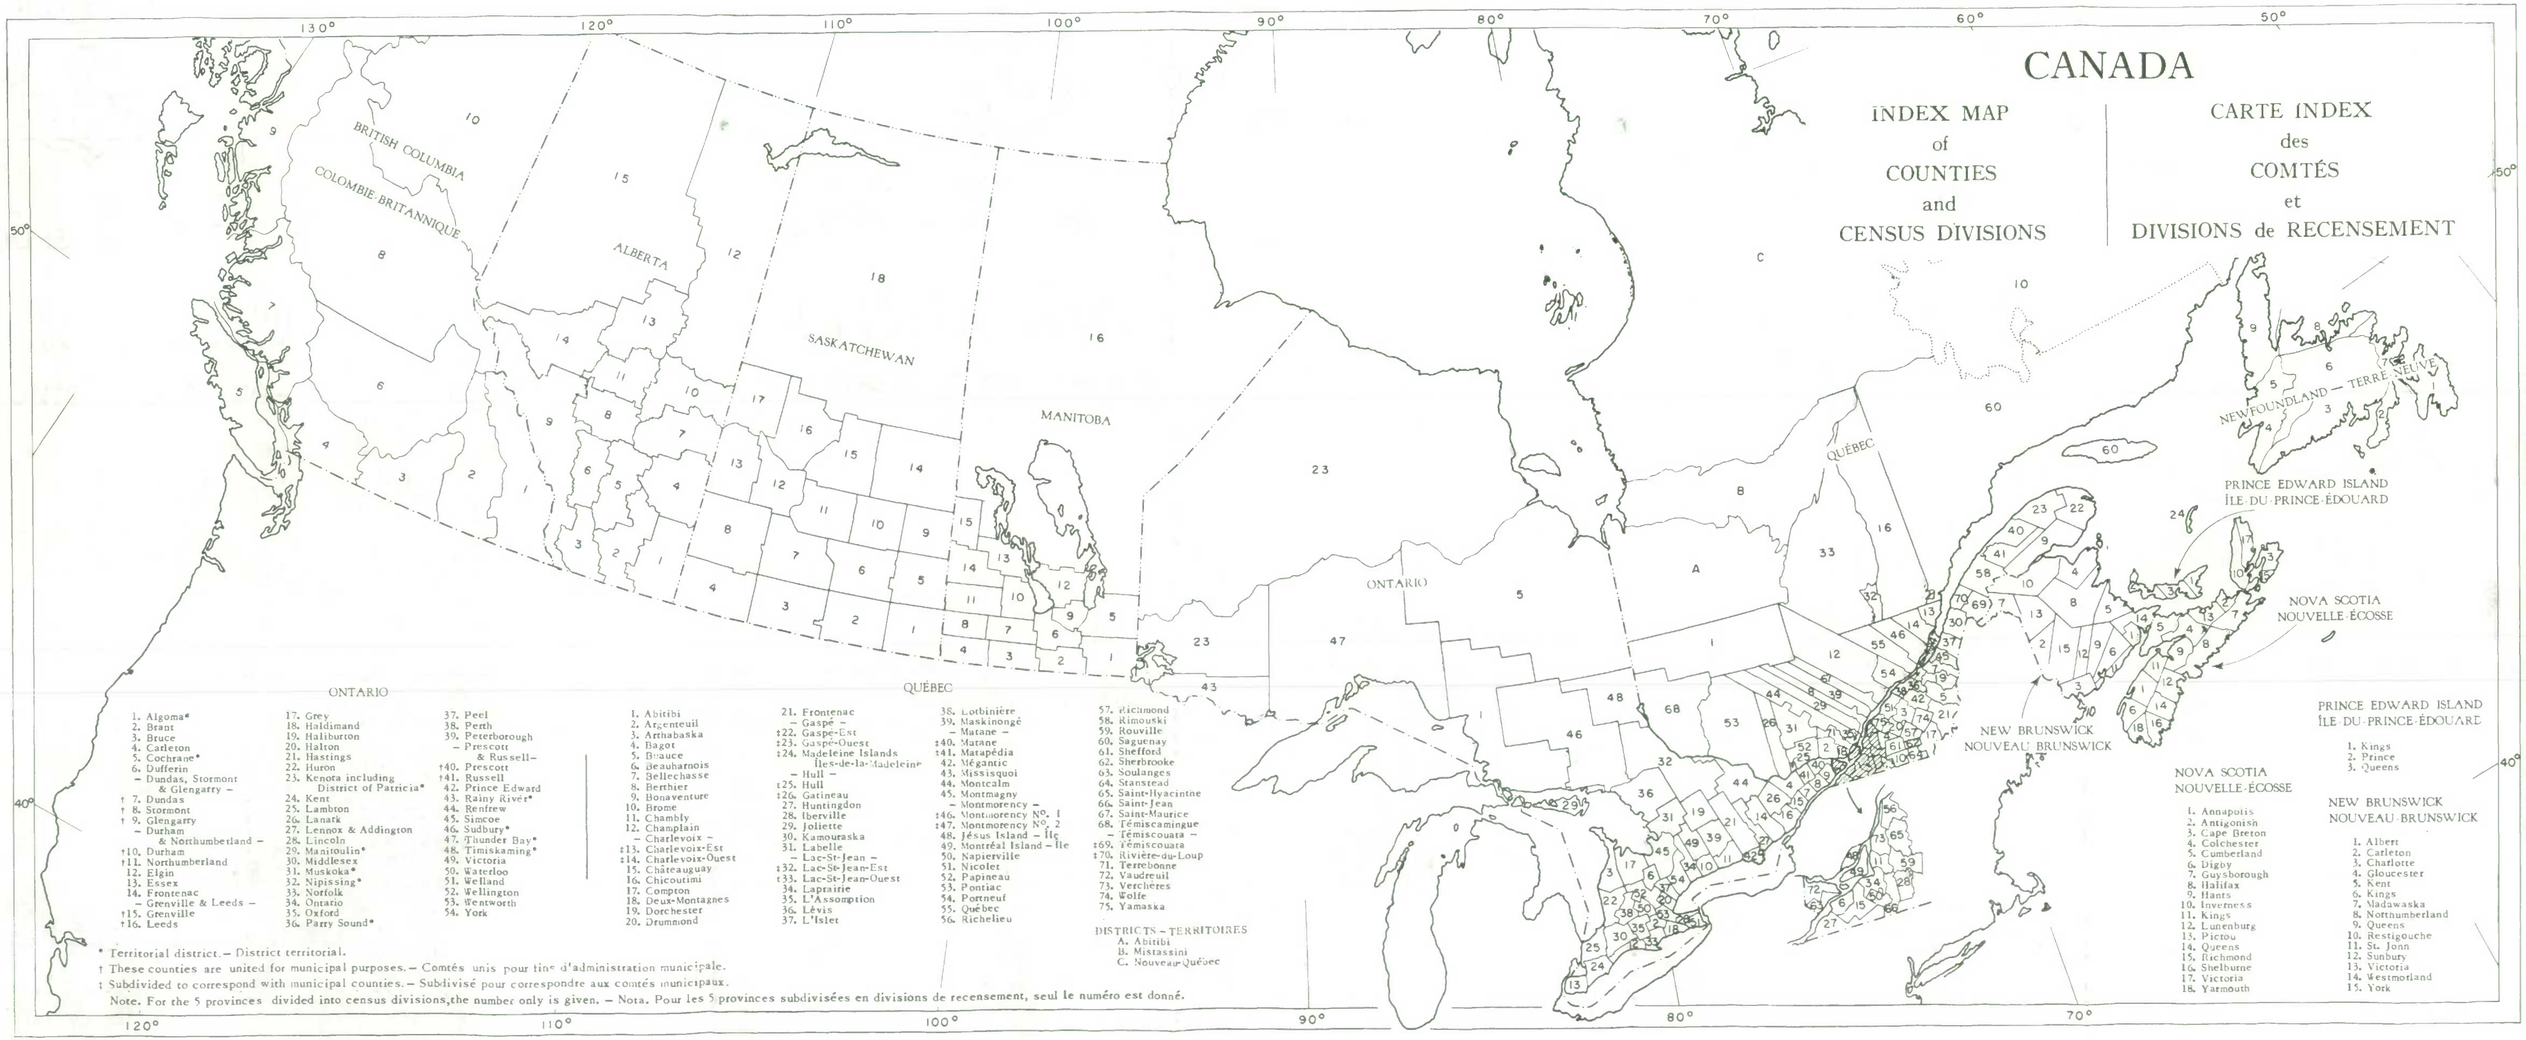

Products	Species
A - Lumber	1. Spruce
B - Shingles	2. Douglas fir
C - Ties	3. Hemlock
D - Pulp chips	4. Cedar
E - Box shooks	5. White pine
F - Laths	6. Jack pine
G - Other products	7. Balsam fir
	8. Yellow birch
	9. Maple
	10. Other softwoods
	11. Other hardwoods

Note - No information can be published with respect to volume of production either by individual mills or by arbitrary size classes due to restrictions imposed by the Statistics Act.
