Highlights

- FileMaker Platform is simply powerful software for creating custom apps that work seamlessly across iPad, iPhone, Windows, Mac, and the web.
- With FileMaker Cloud you'll get low up-front costs, speedy deployment, minimal administrative overhead, instant scalability, and more.
- Get a 15-day trial of FileMaker Cloud today. Software is available at no charge. EC2 and other charges from AWS are not included. You must cancel at the end of the trial period or you will incur additional charges.

Product Description

Please note Free Trial is for Hourly Pricing Only FileMaker Cloud provides secure, reliable access to your custom apps in the cloud -- all without the administrative hassle. Get the simplicity and performance you've come to expect from the FileMaker Platform without having to spend time and resources deploying and maintaining a server. With FileMaker Cloud you'll get low cost of entry, speedy deployment, minimal administrative overhead, instant scalability, and more. You'll be up and running in 20 minutes or less since no hardware or software needs to be installed and set up. Monitoring, OS updates, and software patches are all automatic. Plus, you can quickly scale up for fast-paced growth or easily scale down after seasonal demand periods. Get started with FileMaker Cloud

Pricing Information

Use the Region dropdown selector to see software and infrastructure pricing information for the chosen AWS region.

For Region

EU (Frankfurt)

Free Trial Try one instance of this product for 15 days. There will be no hourly software charges for that instance, but AWS infrastructure charges still apply. Free Trials will automatically convert to a paid hourly subscription upon expiration.

Additional Taxes May Apply

Pricing Details

Software pricing is based on your chosen options, such as subscription term and AWS region. Infrastructure prices are estimates only. Final prices will be calculated according to actual usage and reflected on your monthly report.

1 Pricing Model
